L. T. Smith

Walter Nalbach

L. T. Smith Is Elected To Top Administrative Post

L. T. Smith, head of the Industrial Arts department at Western, has been elected to a newly-created top administrative position at the college, according to Western President Kelly Thompson.

Smith will become Physical Plant Administrator on Sept. 1 in a far-reaching reorganization of the college's plan for maintenance, new construction and development planning.

In making the announcement of the creation of the new position Thompson also announced that Walter Nalbach, a member of the Industrial Arts department faculty since 1935, is to become head of the department on Sept. 1.

Part of Over-All Plan Thompson stated that the newly created position would place

Mr. Smith in one of the highest administrative positions in the College. He said that the reorganization move was another step in projecting an over-all plan to anticipate and care for the expected growth and development of Western.

It was also announced that William E. Ray, who joined the Western staff on Feb. 1, 1957, as director of South Hall for men, will become director of Maintenance Service, also a new position in the reorganization plan. He will work directly under the new Physical Plant Administrator. All other maintenance employees at Western will in the future work under Smith.

J. A. Carpenter Returns Ray's position at South Hall will

"View From The Bridge" Is Next For Summer Theatre

"A View From the Bridge" is chosen and will be presented by Western's Summer Theatre '57 on Wednesday and Thursday, July 24 and 25, at 8 p.m. (CST) in Van Meter Auditorium.

Arthur Miller, husband of Marilyn Monroe and one of America's

Pat Hooper

two most gifted playwrights, wrote the play.

The play concerns a run-of-the-mill longshoreman, a fellow who loves his wife and is kind to kids and especially kind to an orphan girl he has reared. He is faced with the problem of finding shelter for a couple of his wife's relatives who have entered the country illegally.

Story of Conflict One of the refugees is a hand-

some blonde youngster who falls in love, almost at once, with the pretty orphan kind-hearted Eddie has watched over so carefully. And out of the innocent and unsuspecting affection between two likeable children there rises hell's own brew to envelope Eddie. Eddie does not understand what is happening to him, but he cannot bear to have the girl touched. He is ready to do anything—spread the word that the boy is a homosexual, tip off the immigration authorities to a crime he has himself created, take a switchblade knife to the whole neighborhood—before he can surrender a child he has only been

Dr. Martin To Speak At Graduation

Dr. Robert R. Martin, Superintendent of Public Instruction, will address the 208 graduates at the Western Summer graduation exercises to be held in the Western Stadium, August 2 at 7:30 p.m. (CST).

Superintendent of Public Instruction since January, 1956, Dr. Martin is the author of "A Proposed Foundation for Education in Kentucky" and "Implications of Patterns of Expenditures for Budgeting and Accounting."

Dr. Martin received the A. B. degree at Eastern Kentucky State College in 1934; the M.A. degree at the University of Kentucky in

Dr. Robert R. Martin

1940; and the Ed. D. degree, Teachers College, Columbia University in 1946.

Active Since 1935 Active in the educational field in Kentucky since 1935, Martin served as assistant to the executive Secretary of the State Advisory Committee on Educational Policy. This committee conducted

1311 Are Enrolled For Summer Term

Enrollment for the full eight-week summer term at Western Kentucky State College totals 1311, according to figures released by Registrar E. H. Canon.

The summer term opened on June 10 and will close on August 2.

Dero Downing, Director of the College Training School, announced that 324 pupils are enrolled at the Training School for the summer session.

Western Trade Director Philip Hampton announced that 204 students are enrolled.

Three-Day Orientation Scheduled For Freshmen

College activities will get under way for Western in its fifty-first year with the fall enrollment beginning September 18. September 18, 19, and 20 have been designated as freshman orientation days, according to an announcement from the President's office. Upper classmen will register on September 20 and 21. Classes will begin on September 23.

Applications for admission to the college may be secured by writing E. H. Cannon, Registrar's Office. The 1957-58 college calendar and further information may be obtained by writing President Kelly Thompson, Western Kentucky State College, Bowling Green, Kentucky.

With its general improvements including two special dormitories

for men, the college plans an extensive guidance and counseling service for all students new to the campus.

On Wednesday, September 16, all freshmen will meet in Van Meter Auditorium for chapel exercises at 8:30 a.m. At 10:00 a.m. freshmen will receive instructions concerning tests and special activities. The instructional period will also be held in Van Meter.

A tour of the campus is planned for freshmen at 11:00 a.m. on the 18th. At 1:00 classification tests will start and last until 3 p.m. These tests will be given in the Van Meter Auditorium.

Information Provided Information concerning the history, traditions, purposes, standards, requirements, and courses of study of the college will be provided. Programs of study will be provided in keeping with the student's interests, needs, and objectives.

On Wednesday evening a reception will be given at 7:00 p.m. in honor of the freshmen in the Paul L. Garrett Student Center. This is one of the highlights of freshman days and gives the beginning student an opportunity to become acquainted with the group whose purposes and programs will be similar to his during the year.

On Thursday morning at 8:00 a.m. testing, classification and registration of freshmen will begin in Van Meter Auditorium. A complete schedule of activities and

Baccalaureate Speaker Will Be Dr. Doran

Dr. Adron Doran, President of Morehead State College will deliver the summer baccalaureate address on July 28, at 7:30 p.m. in the Western Stadium.

A Church of Christ minister since his college days, Dr. Doran has not only served in the field of education but has served in virtually every capacity in the educational profession.

The affable administrator has been, successfully, a high school teacher, basketball coach, school principal, visiting college professor, president of the Eastern Kentucky Education Association, Director of the Division of Teacher Education in the Kentucky State Department of Education and was

Morris Harvey College To Honor President Thompson

Kelly Thompson, president of Western, will receive an honorary Doctor of Laws degree from Morris Harvey College, Charleston, West Virginia, on August 22.

Dr. Leonard Riddleman, president of Morris Harvey, in a statement released on July 14, announced the awarding of the degree to President Thompson.

The degree will be awarded at the summer commencement exercises at the Christian liberal arts institution. President Thompson will deliver the commencement address at 10:30 a.m. August 22 in Charleston.

Morris Harvey, founded in 1888, is the largest of the independent colleges in West Virginia.

Named As Pres. In 1955

Mr. Thompson, who is president of the Kentucky Association of Colleges, secondary and elementary schools, was named president of Western on Oct. 17, 1956, by the Board of Regents after serving as the acting president from March 25, 1955, following the death of Western's second presi-

President Thompson

dent, Dr. Paul L. Garrett. He had served as assistant to Dr. Garrett since 1946.

Western's head, a native of Lebanon, Ky., was graduated from Western in 1935 with an AB degree. He was immediately appointed public relations director, the

208 Graduates Will Receive Degrees At Summer Commencement, August 2

Western will confer degrees on 208 graduates at the seventy-sixth commencement program scheduled for 7:30 p.m. on Friday, August 2 in the Western Stadium.

Including the summer graduates, 420 students will have been graduated from Western this year. At the spring graduation on May 30, 212 students received degrees.

At the August graduation 28 students will receive the A. B. degree, 122 will receive the B. S. degree and 63 will receive the M. A. degree. Of the 145 students receiving either the A. B. or the B. S. degree, 139 are native Kentuckians from 45 counties, and 92 per cent will receive teacher's cer-

tificates and be qualified to teach in the school systems of Kentucky. Of the 63 graduates receiving M. A. degrees, 61 are native Kentuckians and all hold teacher's certificates.

At the graduation ceremonies in May, 96 per cent of the graduates received teacher's certificates.

Baccalaureate Speaker Dr. Adron Doran, president of Morehead State College, will deliver the baccalaureate address on Sunday, July 28, at 7:30 p.m. in the Western Stadium.

Dr. Robert Martin, State Superintendent of Public Instruction, will deliver the commencement address at 7:30 p.m., August 2 in

the Western Stadium. (Stories on both speakers may be found in this edition)

Three graduates will receive reserve commissions in the U. S. Air Force. Eleven graduates will be commissioned reserve second lieutenants in the U. S. Army at the graduation ceremonies. Commissions are awarded upon completion of ROTC training at the college.

The annual Faculty Reception for the graduates will be held on Friday, July 26, from 4:00 p.m. until 5:30 p.m. at the Paul L. Gar-

Potter Hall Being Renovated For Fall

Potter Hall will be completely renovated and ready for occupancy when the fall semester opens on Sept. 17. Reservations for this fall are now being accepted.

Conversion of the building to a residence hall for women began on July 3. Announcement of the awarding of the contract totaling \$38,956 for the project was made at Frankfort on that date. Murphy and Jones, Bowling Green contractors, were the successful bidders.

New furniture for the entire

Dr. Crabb Writes New Book On Early Nashville

By ROBERT BRUCE WATERS...

From a tiny fort on the bank of a river to a great industrial and commercial city—this is the rags to riches' story of hundreds of American Towns. Alfred Leland Crabb has retold the story in his latest work, *Journey to Nashville*.

This book is more than the history of a settlement. It is a lively account of the founders themselves, their hardships and their moments of joy.

Nashville was really born in the Watauga settlements of eastern Tennessee. James Robertson, pioneer adventurer, had liked what he saw in the Cumberland River country of middle Tennessee. He and John Donelson organized a band of settlers and prepared to leave for the bluffs on which they planned to settle.

Robertson Leads Party
Robertson led the overland party of the men and livestock, going through Cumberland Gap, across Kentucky and then down to the present site of Nashville. Their journey was in the dead of winter and man and animal alike suffered many hardships along the way. The overland trip took almost two months.

Meanwhile Donelson was preparing to leave by flat-bottomed boat with the women, children, and household possessions. Because of the extreme cold the river froze and the party was delayed for weeks. When they finally started they had to face the dangers of cold, starvation, and the ever-present menace of the Indians. This part of the journey took about five months.

After the many months of traveling the men and women were united and began the serious business of laying the foundation of a city.

Alfred Leland Crabb as Tennessee's historian is also the author of such widely read histories as *Home to Tennessee*, *Peace at Bowling Green* and *Mockingbird Sang at Chickamauga*. *Journey to Nashville* is a fitting sequence to a long line of successful works.

Dr. Earl A. Moore, accompanied by Terry E. Kelsey, a senior at Western, visited relatives in Kentucky between the spring semester and a summer session.

Dr. William Lawton is currently on leave of absence to do research work at the University of Chicago. The research is in preparation for a textbook about social grouping.

Claude Pickard

Owen Lawson, Jr.

Two New Members Will Join Fall Faculty Staff

Two new members will join Western's teaching staff beginning with the fall semester according to an announcement by President Thompson. These appointments were made in the departments of geography and industrial arts.

Joining the faculty as a member of the Geography and Geology department in the fall will be Claude E. Pickard. He was graduated from Western with an AB degree in geography in 1953. He received the MA degree in geography from the University of Nebraska in 1953.

Owen Lawson, Jr., who formerly served as shop foreman of the industrial arts department at Western in 1953-54, will join the fall staff of the industrial arts department. Lawson received the BS degree from Western in 1954, and the MA degree in 1957. Since 1953, Pickard has been teaching in high schools at Garland, Nebraska, and Kalamazoo, Michigan. Lawson has been a teacher of industrial arts in Martinsville, Virginia since his graduation here.

Mr. Pickard served three years with the U. S. Air Force during World War II. He is married and has three sons, ages four, two, and one.

Mr. Lawson who served with the Army during World War II and the Korean conflict is married to the former Mary Helen Moss of Bowling Green. They have two children, Thomas Owen, 7, and Richard Alan, 3.

Two-Week KFL Labor School Closes Today

The yearly two-week school conducted by the Kentucky Federation of Labor which was held on the Western campus this year ended today.

Robert Rowe, Director of the Department of Research and Education for the KFL, directed the concentrated period of study for some 70 students. Participants in the school were selected members of labor organizations from throughout Kentucky.

Sam Ezell, secretary-treasurer of the KFL and a member of Western's Board of Regents, was a member of the faculty which conducted the classes for the annual school.

Both the students in the school and the faculty members were housed for the two-week period in East Hall, dormitory for men. Meals were served in the college cafeteria.

Classroom facilities were provided in the ROTC department on the ground floor of the physical education building.

Faculty Notes

Dr. Gordon Wilson will deliver the summer commencement address at West Texas State College, Canyon, Texas, on August 23. President James P. Cornett of West Texas State taught at Western from 1931-46. He was Western's commencement speaker in 1956.

Mrs. Sarah Garrison of the Department of Library Science attended a meeting of librarians and administrators to discuss preparation and certification of school librarians under the Foundation Program. The meeting was held in Louisville on July 6.

M. Sgt. Sam E. Nuckols Joins Army ROTC Staff

M. Sgt. Sam E. Nuckols has joined the Army ROTC staff at Western effective May 20. Sgt. Nuckols replaced M. Sgt. Regis G. Carver who was reassigned to Korea on June 13.

Sgt. Nuckols has 17 years with the Army and served during World War II in the Pacific and with the Far East Command in Guam during the Korean conflict. He returned from Germany in August of 1953. He served a total of 81 months overseas.

His last duty assignment was with the U. S. Army Reception Station, 2nd Army, Fort Knox, Ky.

Nuckols is married. His wife will join him later.

The sleek new Corvette—and Chevrolet Bel Air Convertible

Every Chevy is a Corvette at heart!

... because every Chevrolet shares Corvette's sports car steering, its quicksilver responsiveness, its ready-for-anything roadability;

In plain fact, a Chevy does give you an unseen bonus you don't get in other cars. It's the built-in stability, the accurate handling, the geared-

to-the-road security that derive from our experience building America's only true sports car.

Take this away and Chevy would still be ahead of the field in ultra-efficient engine design, in velvet ride and solidity of construction. But you can't separate that Corvette feeling from any Chevrolet—it's built in. Try one and see!

Art Department Reports Busiest Year's Activities

Western's Art Department under
the supervision of Miss Ruth Hines
Temple and Mr. Ivan Wilson has
had one of the busiest years of
activities since its beginning ac-
cording to a report from the de-
partment.

In November the art department
was host to the Kentucky Art Ed-
ucation Association which met here
for its state meeting. The two-day
conference was presided over by
Dr. Clinton Adams, president; Miss
Claudia Payne, vice-president; and
Mr. Harold Thurman, secretary-
treasurer.

Among the gallery offerings for
the 1956-57 year were "Recent
European Photographs" by Her-
man Lowe; watercolors by Ivan
Wilson; oil paintings by Eleanor
Gay Lee; "Oriental Art", a co-
operative program by the Art
Club, Western Writers, and the Mu-
sic Educators Club, and "Child-
ren's Art" from the city schools
of Bowling Green.

Aims Of Program
Western's art program is plan-
ned to add something to the stu-
dent's general background regard-
less of the work that the student
plans to do in life. One of the aims
of this program is that the stu-
dent may also learn a worth-
while hobby.

If a student should select art
as a major or minor, he can be-
come a teacher of art, or he will
become prepared to train speci-
fically in such work as book illu-
stration, advertising, architectural
design, or museum work.

For the 1957-58 season many
activities are now in the "blue-
print" stage according to Miss
Temple. These activities will in-
clude Homecoming Coffee at the
Kentucky Building and an open
house for new students in order
that they may learn something of
the art activities at Western.

Potter Hall

Continued from page 1

building will cost an additional
\$25,000.

Second Step Made

The present program is the sec-
ond step in making Potter Hall
a modern, first class residence
hall. Two years ago the building
underwent a face lifting when the
entire ground floor was converted
to rooms. The area had formerly
housed the college cafeteria which
is now located in the Paul L. Gar-
rett Student Center.

New tile floors were laid
throughout the entire building, all
rooms and halls were painted and
renovated at that time.

The new project calls for com-
plete new electrical wiring, new
plumbing and remodeling of the
lobby area.

Alumni News

1957

Life Memberships continue to increase. The two following alumni are new additions.

William W. Hunt, Jr., AB '32, 5 West Street, Arlington 74, Mass. Hunt recently completed the Ph. D. in chemistry at Ohio State University, Columbus.

Cora Mae Beard, BS '39, The Brevoort, 11 Fifth Avenue, New York 3, N. Y. She is Private and Reading Consultant in St. Lukes of Trinity Parish in New York City. Miss Beard is a graduate of the Teachers College at Columbia University and has advanced study in Fashion, Public Relations, Speech, and Marketing at Columbia.

Bobbie R. Grogan, BS '38, Area Supervisor of Vocational Agricultural Education at Murray, has been appointed Field Secretary to the Kentucky State Medical Association. Grogan will work out of the Association's headquarters office in Louisville. He will serve as Field Secretary for the rural Fund, the Association's Placement Service and Field Director Council. In addition to his teaching experience in this state, he has had service with the Army Air Corps. He holds his Master's degree from the University of Kentucky.

Lt. John H. Sowders, AB '54, who is with the 14th Material Sqn., at Ethan Allen AFB, Windsor, Vermont, is working toward his Master's degree at the University of Vermont.

Among the alumni visiting the Hill during the summer were **Mrs. Marie Johnston, BS '55** Grand Rivers. Mrs. Johnston has been teaching for the past two years in Taft, Calif. She has accepted a position in Detroit, Mich., for the next school year.

Mr. and Mrs. Earl Pettie, BS '56 teaching in the Joliet, Illinois school system.

John Tapscott, BS '55, MA '56, Paoli, Ind. Mr. Tapscott has been directing physical education and teaching in Paoli for the past two years.

Miss Carman and her sister, Ethel, AB '26, both received service pins for more than twenty years work in the Pharr-San Juan Alamo, Texas, District. Next year Ethel will receive a diamond pin for twenty-five years service.

Shelby Johnson, BS '50, has just finished his requirements for a M. P. H. in Public Health Administration at the University of North Carolina, Chapel Hill, after being awarded the U. S. Public Health Service Scholarship. Mr. Johnson is an employee of the Kentucky State Department of Health in Louisville, in the division of Foods and Drugs. He resides with his wife and daughter of 709 Josephine, Bowling Green.

Nearlene Hendricks, AB '54, a member of the English faculty at Ft. Carson, Colo. Miss Hendricks' home is at Rocky Hill.

Garlan Kemper, AB '36 of Greenville, Ohio. Mr. Kemper has served as principal of the high school in that city for the past few years. He was accompanied by his wife.

Thomas Parish, AB '39, MA '50 principal of the high school in Marion.

Edwin Elkin, who attended Western from 1934 to 1936, is an engineer in Detroit. He resides at 31108 Eveningside Drive. Mr.

Elkin is a graduate of Bowling Green high school.

James D. Alvey, BS '51 and MA '56, principal of the high school in Glasford, Illinois. While in Bowling Green, Mr. and Mrs. Alvey were house guests of Mrs. Herbert Cooper, 1320 Center Street.

Ben Wyatt, AB '52, 3221 So. Jarvis, Owensboro. Mr. Wyatt teaches history in the Boonville, Ind., schools.

Ann Hendrick, AB '54, Route 1, Jaweaville. Miss Hendrick is home for the summer after teaching for the past year at South Haven, Michigan, where she has been since her graduation. She has accepted a teaching position in Miami, Fla., for the next school year.

Lacy Wilkins, AB '56, has just returned to his home from the University of Arkansas, where he was graduate assistant for the past year. Mr. Wilkins has accepted a position to teach English at Lebanon this fall.

According to a news release from the General Electric Company, the following graduates of Western are now in the employ of this company: **W. D. Anderson, R. K. Augustin, F. L. Barnett S. Boyd, W. N. Brown, W. E. Burch, F. M. Carter, M. M. Cox, W. F. Cole Jr., W. F. Cullen, C. W. Fisher, W. L. Gorrell, H. W. Grant, W. A. Hale, P. C. Hayden, A. Janis, T. E. Kinser, W. H. Lewis, W. O. Lewis, J. F. Madole, W. P. Manning, Jr., O. C. Mitchell, J. T. Nation, L. D. Owen, M. W. Ruelle, J. W. Schwelkert II, E. Smith, L. G. Snider, J. F. Stephens, C. M. Ware, and W. Y. Wood.**

Mrs. Ethel M. Myers, a former Western student, and a native of Hardin County, Kentucky, received her degree from the University of Arizona this summer. Mrs. Myers taught some twenty-one years in the Hardin and Meade County schools prior to moving to Arizona.

J. O. Ward, AB '37 and MA '50 has accepted a principalship at Olatburg, Ind.

Dr. James O. Willoughby, BS '47, formerly of Portsmouth, Va., is now in Detroit, Mich., and living at 4414 Chatsworth Road. Dr. and Mrs. Willoughby, (Betty Lou George) have two children. Dr. Willoughby is taking further training in Ophthalmology in Detroit.

Phil Merrill Runner, AB '54, is minister of the Highland Christian Church, Denver, Colo. During June he served as a member of the Board of Managers for the Christian Missionary Society in Indianapolis, Ind., and as a delegate to the Student Work Consultation Conference of the Disciples of Christ at Indiana Central College in the city.

Rev. Runner was awarded one of sixteen scholarships to city ministers of the Disciples of Christ to attend the 7th Annual Urban Church Institute held on the campus of Butler University for three weeks in June.

He serves as the minister of the second oldest church of his denomination in the Denver Area where he has worked since October 1954. He is married to Irla Kingery, AB '45, and they have two sons.

Gordon Wilson, Jr., BS '47 who is a candidate for the Ph. D. at Purdue University in August, has accepted a position with Dome Chemical Company at Midland,

Michigan.

Ora Chandler, AB '48, now teaching at Stringtown School, Evansville, Ind., was rated 10th in the Tri-State Favorite Teacher Contest, sponsored by Evansville Courier-Press. The names of 1136 teachers were entered in the contest by the students.

Miss Chandler and Mrs. Irene Aldridge Williams, also a former student of Western, and a teacher in Evansville, will attend the second annual Washington Seminar sponsored by National Education Association. The seminar will be held June 24 to July 26 and is a combination vacation and workshop in government affairs. Experts in government, education and communications will lecture.

Professor J. C. Broshear, AB '37, popular teacher of history and political science at Carson-Newman College, Jefferson City, Tenn., has been named head of the History-Political Science Department of that institution. He succeeds Dr. I. M. Carr, who is retiring.

Capt. Armand H. King, BS '50, has been assigned to the ROTC Department of the University of Tennessee. He and his family are residing at 6913 Northshore Drive, Knoxville.

Some of the Western graduates who have received advanced degrees this summer are:

Mrs. Pearl Reynolds Hall, BS '40, was awarded the Master of Arts degree in Education June 12 at the Western Reserve University, Cleveland, Ohio.

George Alvis Winstead, BS '38,

was awarded the MS degree in education and Allen Anthony, AB '53, and Mary Belle Bridges, AB '56 were awarded the Master of Arts degrees in May at George Peabody College for Teachers, Nashville, Tenn.

Mr. Ted Hornbeck of the physical education department, has recently had a letter from Lt. Edward S. Bridges who is at present serving with the 3rd Air Base Group in Japan. Lt. Bridges is a member of the 1952 Class at Western. His wife is also a Westerner. They plan to be back in the states at the end of the year.

Lt. Bridges writes that a number of Westerners are located in that area. Allen Grubbs and Mrs. Grubbs (Class '52) are stationed at Yokota, A. B.; Bill Ford '52 and his wife, Betty Hartley, also a former student are at Tachikawa A. B.; Jim Olliges '54 and wife, former student, are stationed at Tokyo International Airport. Caesar Ricci '55 and his wife are stationed on Okinawa,

and "Stud" Walker, (former Western football player) is special service officer at Tachikawa.

A reunion of these Westerners and possibly others is being planned and will take place soon.

Rev. Carl McCubbin, AB '53 has been assigned as pastor to the Grider Marrowlory church at Marrowbone. He was formerly pastor of Hogards Chapel Methodist Church, Campbellsville, where he served for two years.

On May 31, Lt. Col. Chester F. Morrison was retired from active duty in the U. S. Army. His last assignment was with the U. S. Army garrison, Cameron Station Va., as an Administrative officer, Lt. Col. Morrison, his wife, the former Jesse-Gray Sykes and their daughter, Jessena, reside at 615 61st Avenue, Silver Spring, Md. The son of Mrs. Nancy J. and William C. Morrison of Albany, La. Col. Morrison awarded the A. B. degree from Western in 1933. He began his Army service in the fall of 1935.

THE POTTER-MATLOCK BANK & TRUST CO. CONGRATULATES WESTERN

DR. ADRON DORAN

DR. ROBERT MARTIN

For securing two of the most outstanding men in their field to address the summer graduating class of 1957 . . .

Dr. Adron Doran, president of Morehead State College, will deliver the baccalaureate address on Sunday, July 28, at 7:30 p.m. in the Western Stadium. Dr. Doran, a Church of Christ minister since his college days, received his bachelor of arts degree from Murray State College and went on to earn the Doctor of Education degree from the University of Kentucky.

Dr. Robert Martin, State Superintendent of Public Instruction, will deliver the commencement address on Friday, August 2, at 7:20 in the Western Stadium. Dr. Martin received the A. B. degree at Eastern Kentucky State College in 1934; the M. A. degree at the University of Kentucky in 1940; and the Ph. D. degree from Columbia University Teachers College in 1950.

"UP OR DOWN
THE HILL"

Campus Improvement Continues At Rapid Rate On Hill

Expansion, improvement, repair, and maintenance of existing facilities have been progressing at a rapid rate at Western.

Evidence of this look-to-the-future preparation is to be found every place on the campus. The Memorial Entranceway on Fifteenth Street in front of the library is completed and was dedicated at spring commencement. This stately structure commemorating Western's fiftieth anniversary was built at a cost of \$8,000. It was largely financed by the College Heights Foundation.

New Dormitories Built
Two new dormitories for men were opened at the beginning of the second semester this year. These two beautiful buildings which provide housing for 428 men cost approximately \$1,080,000.

New water lines and the improvement of existing water lines is complete. This project was started last December. Some 3000 feet of additional 8-inch line and 1,000 feet of 6-inch line have been installed. Seven new fire hydrants, easily accessible to fire-fighting equipment, have been added which

provides adequate protection against fire. This project cost approximately \$30,000.

Architect Frank Cahn and Associates have completed plans for converting Potter Hall into a dormitory for women. Work is under way on this residence and will be completed in time for occupancy next September. Reservations are already being received for next fall.

New Service Building

Robert and Johnson, Owensboro architects, are now working on plans and specifications for a new service building. Plans and specifications should be ready and submitted to the contractors within three weeks enabling this project to get underway by not later than Sept. 1. The building will be located facing the Russellville Road near the heating plant. It will provide a receiving and distributing central point for supplies purchased by the college. It will also house the electrical shop, the plumbing shop, carpentry shop, the paint shop, and other maintenance.

Addition to Van Meter

The extension of the Business Office is well underway. The concrete walls and floors have been poured. The electrical and plumbing conduits and pipes have been installed. The brick and block work is nearing completion. It is hoped that this addition will be under roof before this paper goes to press.

This addition will be located on the Business Office side of Van Meter Hall next to Potter Hall. It will be 30 feet wide, 12 feet long, and one-story in height, providing four additional rooms for the Business Office. It will be ready for occupancy early in August.

Construction of a 250-car parking lot at the rear of South and East Halls is almost completed. Curbs have been poured and sidewalks laid. The rock surface has been put down. It is hoped that the black top can be applied during the summer vacation. The contract was let July 3 for resurfacing Sixteenth Street and Village Drive.

Landscaping

Landscaping of the area around the new dormitories is almost completed. All the sod is down with new shrubs and trees being added for the entire lawn area.

A 50-car parking lot is being constructed on Ogden Campus at the exit to Chestnut Street. The curbs are in and the application of rocks and surfacing is yet to be done. This project should be completed by the middle of August.

The area across 15th Street at the junction of the Russellville Road and Center Street has been completely cleared of brush and debris and will be replanted. The area between Russellville Road and the Morgantown Road has been cleared and will be landscaped. A considerable amount of work has been done on improving the Kentucky Building grounds.

A general program of landscaping and beautification is in progress across the entire campus.

The new \$120,000 boiler was installed at the heating plant in the spring and will be ready for full operation this fall. Installation of this new facility provides the campus with adequate heat and will take care of any five additional major buildings which may be constructed in the future. The old boiler has been reconditioned and put on standby basis in order that the college will not be in danger of a breakdown in heating facilities. An additional benefit from the new boiler, which went into operation in January, was the elimination of soot and fly ash which had plagued the neighborhood.

New Time System

A new IBM electric signal system has been installed. The entire system will operate from a master clock located in the transformer room which will be automatically timed from Western Union. Tests were run during the week of July 1. Clocks and bells will be installed in every building on the campus.

A renovation and repair program at the College farm located five miles south of the campus on the Nashville Road is rapidly nearing completion. All farm build-

Shown looking at one of the new clocks that will be installed as part of the new I. B. M. electrical system installed on the Western campus, from left, Billy Smith, Western Business Manager, Boyd Smith, I. B. M. Engineer, L. T. Smith, Physical Plant Administrator, Cornelius Golm, College Electrician, and Kelly Thompson, Western President.

ings and other agricultural installations are being put in first class condition.

The parapet atop the Paul L. Garrett Student Center has been completely repaired.

An intensified program of maintenance and repair for all campus physical facilities is underway which calls for work in a number of buildings this summer.

Training School

At the Training School the gymnasium has been completely renovated. Science tables have been reconditioned by the Industrial Arts Department. Several rooms in the Training School have been repaired. A completely new hot water system is being installed in the building.

New lighting facilities are being installed in two rooms used for testing, remedial work, and the elementary library. Several valuable and useful instructional aids have been added for use in audio-visual education. A driver-education program has been started.

The entire playground area at the Training School has been blacktopped. Additional projects to be completed this summer include repairs of lockers throughout the building, repairing of light fixtures, new tile floors in the library,

conversion of the sub-basement into a boys' dressing room, installation of glass backboards in the gymnasium, and a general over-all program of painting and repairing. Considerable improvement at the Training School is still on the schedule and should be completed by the opening of the fall term.

College Library

Tables in the main college library reading rooms have been refinished by the Industrial Arts Department. Reading rooms and halls have been redecorated. A great deal of additional shelving has been built in the library to take care of the overcrowded conditions in the storage areas.

Some of the offices at Snell Hall have been redecorated, and other such work is scheduled to be done this summer.

The Military department at the Physical Education Building is undergoing a complete overhaul and remodeling to provide for the expansion and improvement of their physical facilities, with improved office and classroom space. The concrete walks, steps, and stone retaining walls over the entire campus are being checked.

A new service elevator is on

Walter Nalbach To Be Industrial Arts Department Head

Continued from page 1

be filled by James A. Carpenter, former member of the Air Force ROTC staff at Western who recently retired from the Air Force, according to President Thompson.

The new Physical Plant Administrator came to Western in 1930 as head of the Industrial Arts Department. He has been a leader in the industrial arts field since coming to the college and is known throughout Kentucky as the Dean of Industrial Arts Education. He developed the first Industrial Arts teacher education program in Kentucky.

Last May Smith received the highest honorary award that can be given in the field of Industrial Arts and vocational education when he became the fourth man in the United States to receive the Laureate Honor from Epistion Pi Tau, International Honorary Professional Fraternity in Industrial Arts.

Smith's Service

Smith has served under all three of Western's presidents as consultant on construction and maintenance. He has played a prominent role in the building of the present physical plant on College Heights and now takes over the new responsibility of maintaining that plant and planning for future growth of Western, President Thompson said.

A native of Sanborn, Iowa, Smith was graduated from Bradley Polytechnic Institute, Peoria, Illinois, now Bradley University, with the B. S. degree, majoring in industrial arts. He received the M. A. degree in industrial arts from George Peabody College for Teachers, Nashville, Tennessee, in 1951.

In addition to his outstanding work in industrial arts, Smith has occupied a prominent place in the college. He has served almost continuously as chairman of Western's faculty athletic committee which recommends and supervises college athletic policy. He coached football and basketball at Western until E. A. Diddle joined the staff in 1922.

Smith and his wife, Greta, live on the Nashville Road. They

James Carpenter

have one son, Tommy, who resides in Florida.

Nalbach, who is widely known in the industrial arts field, was graduated from Western in 1933 with the B. S. degree, majoring in Industrial Arts. He received the M. A. degree from the University of Kentucky in 1937.

The new department head was on leave from Western from 1942 until 1945 with the U. S. Armed forces. He aided in establishing a Naval Training Program at Morehead State College in 1942. From 1943 until 1945 when he returned to his position at Western he was a teacher-trainer and supervisor in the Armor School, Fort Knox, Kentucky.

A native of Grand Rapids, Michigan, Nalbach has served as president of the Kentucky Industrial Arts Association and at present is chairman of the Educational Exhibits Committee of the Kentucky Industrial Education Association.

Nalbach and his wife, Anna Lee, reside on Sumpter Avenue. They have one daughter, Linda Ann, 17.

William E. Ray

Ray, now Director of Maintenance Service, came to Western from Gordon Smith & Co., Bowl-

William Ray

ing Green, Kentucky, where he was purchasing agent. He previously had served with the Western Trade School as coordinator and supervisor.

A native of Brownsville, Kentucky, Ray was graduated from Western in 1923 with the B. S. degree and has done graduate study at the University of Kentucky. He served two years with the U. S. Army during World War II.

Ray and his wife, Nell Garvin, live on Sumpter Avenue.

Smith and Ray will maintain offices in the new Maintenance Service Building when it is completed. The new building will be located on the Russellville Road near the heating plant. Construction is scheduled to begin in the near future with completion expected by Jan. 1, 1958.

The new building will be the center for receiving and distributing all supplies coming to the college. It will also house all maintenance facilities at Western.

Carpenter, who will assume the duties as director of South Hall at the opening of the fall semester in September, came to Western in 1952 as a master sergeant with the U. S. Air Force ROTC.

While at the college he completed work for the A.B. degree in 1954 and the M. A. degree in 1955.

While at Western Carpenter established a reputation both as a scholar and as an administrator.

A native of Muscle Shoals, Alabama, Carpenter was reassigned to a post in Florida in 1955 and retired from the Air Force early this year. A veteran of World War II, he is married and has one daughter, Joy Ann, age 13.

Dr. Weldon Hart Michigan State Music Head

Weldon Hart, former head of Western's Department of Music, has recently accepted a position with Michigan State University, East Lansing, Michigan.

Mr. Hart, winner of various reknowned awards in the music field taught at Western from 1946-49. After leaving here, he became director of the School of Music of West Virginia.

Research For Best Grasses Is Conducted

For the first time in the history of Western's Agricultural department, research is now being conducted in the study of the best grasses for use as pasture.

The experiment now going into its second year was done in cooperation with the agricultural department of the University of Kentucky. The total experiment is expected to run five years in order to check specifically the result of the various grasses being tested.

The research project entitled "The Effect of Various Kinds of Pasture and Management Practices on Maintaining High Milk Production" is being conducted at Western's 534-acre college farm.

Four 3-acre pasture areas were furnished by Western. Two of the plots were seeded with a mixture of Bromus grass and Ladino clover, while the other two were sown with a mixture of Bromus grass and Birdsfoot-trefoil.

The results to be checked from

Ag. Dept. Conducts Research

Continued from page 7

the experiment, according to Mr. Billy Adams, Western dairy teacher, are total milk production, persistency of milk production, digestibility of various legumes and dry matter intake.

Research Is New

Practically no research has been done in this section of the state on the study of the best suited grasses for this area according to Adams. Birdsfoot - trefoil and Brome grass are comparatively new to Kentucky.

Farm labor and machinery have been furnished from the Western

Dairy herd to graze the experimental area. The animals vary in number depending upon the available forage. Two "tester cows" were assigned at random to each of the four experimental pastures so as to equalize as nearly as possible the difference in the results of the tests. Two-day weights were secured from all animals just prior to putting them on the experimental pasture. All phases of the experiment will be recorded beyond this point.

Mr. Charles Taylor, head of the agricultural department with the assistance of Mr. Adams is overseeing the entire project.

New Men's Dorms Offer Pleasant Living Quarters

A proud part of the recent improvements made on Western's campus include the two spacious men's dorms, East and South Halls. Accommodating two men to a room, the residences were officially opened at the beginning of last semester. Pictured above are Jim Foster and Denton Payton, freshmen chemistry majors.

Students at Western have always been accepted equally as far as the sexes are concerned but the women in the past have been able to claim one better in the matter of living facilities on campus. Through the apacious and comfortable West Hall and the beautiful McLean Hall dormitory life has been a joy to the female element.

This coming school year the men on campus can take equal pride in their living quarters. After a number of years of dorm life in Potter Hall, a transformation has taken place through the erection of the handsome East and South Halls for men.

These two buildings begun in December of 1955 and costing approximately one million eighty thousand dollars were officially put into use at the beginning of the spring semester of 1957. Constructed in a tree-shaded natural setting on the southeastern section of the campus the dormitories bespeak the finest in campus residences.

Though the buildings were designed to fit into Western's campus look of lasting quality they are ultra modern in appearance and usefulness. Each hall contains an airy lobby with direct entrances from the front and back of the building. The rooms costing \$3.50 a week per person were planned and furnished for two men in each room. Built-in desks, wall lamps, and large closets are among the pleasant features of each room.

Prospective students for the fall semester of 1957 may reserve a room in either dormitory by mailing to the President's Office a \$5.00 reservation fee.

Potter Hall, once the center of campus living for male students, is now being refurbished and renovated for use by women students. Along with West Hall and McLean Hall, Potter will offer comfortable living quarters to incoming women for this fall semester.

Cost Of Rooms
McLean Hall rooms will cost

\$3.50 per week; West Hall and Potter Hall rooms will cost \$2.50 per week. McLean and West Halls are arranged for two girls to a room, two rooms to a suite. Potter Hall will be planned for two girls to a room.

Reservations for rooms by women students follows the same procedure as that of male students. Reservations in any dorm may be had by mailing a five dollar reservation fee to the President's Office. Reservations should be made as early as possible as the student enrollment at Western is expected to be large.

Library Has Special Display Of Books

During the week of July 8-13 a special display of 550 books was placed on exhibit in the Main Reading Room of the College Library.

The collection covered grades from kindergarten through high school. This Representative collection of new books on 33 subjects categorized for children and young people was made possible through a cooperative enterprise of leading publishers.

8 Staff Members Retire This Summer

A total of 725 years of service to Western is represented by the eight staff members who retired effective July 1.

Those retiring were R. C. Woodward, 418 Park Street; Will B. Hill, Park City Hotel; Lee Kelley, 1236 College Street; Mrs. Ora Kanauer, 1379 Center Street; Lindsey Connors, General Delivery; L. T. Hickman, 1212 Vine Street; John Bland, 401 Center Street; and E. L. Joiner, Rockfield.

R. C. Woodward, superintendent of grounds, had been at Western 47 years. He came to the college in 1910.

Will B. Hill, field representative and director of the Community Concert Series for Western, began his career at the college on Jan. 18, 1928.

Lee Kelley came to Western on Sept. 1, 1932. He had served as the custodian of the physical education building.

Mrs. Ora Kanauer, secretary in the Army ROTC office, came to the college on April 13, 1921.

Lindsey Connors, member of the grounds staff, had been at the college since March 6, 1927.

John Bland, cook in the college cafeteria, joined the staff May 12, 1925.

E. L. Joiner, fireman at the heating plant, became a staff member on Oct. 17, 1943.

L. T. Hickman, building custodian, had been at Western since Mar. 3, 1947.

Campus

Continued from page 6

order for the student center and will be installed immediately upon delivery.

The stadium is receiving a complete overhaul and damaged seats are being replaced and repainted.

Ventilator fans have been replaced in Cherry Hall and the Rock House for the comfort of the occupants during this summer.

More Housing Planned

In addition to all that has been described concerning Western's growth and progress, college officials are now studying plans for more student housing on the campus made possible by the \$250,000 earmarked for the college by the Commonwealth of Kentucky last month. The new building will be partially financed through the sale of bonds to the Federal Housing and Home Finance Agency. Further plans for the future growth and expansion of Western are also being studied.

PHOTO CENTER

928 State St.

Dial VI 3-4845

Mr. Sam Alexander is shown receiving congratulations from Dr. Robert R. Martin, State Superintendent of Instruction, upon his newly elected position as president of the Summer Conference of Superintendents for the coming year. President Kelly Thompson of Western, left, and Mitchell Davis, right, president of K. E. A., and Superintendent of Barren County Schools, are looking on.

Summer Conference On Campus

Sam Alexander, assistant superintendent of Jefferson County for business affairs, was elected president for the coming year at Western's 24th annual Summer Conference for Superintendents held on the campus Friday, July 12.

Attendance at the conference this year was the largest in the history of this annual meeting.

The Conference, an official meeting so designated by Dr. Robert R. Martin, State Superintendent of Public Instruction, presented a discussion of some of the critical issues involved with the improvement of education in Kentucky. The morning session took place at 10:30 a.m. in Van Meter Auditorium.

An informal afternoon session was held at the Mammoth Cave National Park picnic grounds. The well known Fish Fry attended by an approximate 600 persons took place at 5:00 p.m. on the picnic grounds. No scheduled speeches or conferences were arranged for this session in order that those attending would have ample time for private discussion of educational problems with fellow educators, or time to take one of the trips through Mammoth Cave, or to view the scenery of the national park grounds.

Transportation to the cave was provided by buses for those who were unable to drive to the cave.

When the Conference was originated, it was held primarily for county superintendents. In 1947 it was expanded to include superintendents of independent districts. Kelly Thompson, president of Western, sent out letters inviting the superintendents of the state to the conference.

Gladiolus Show Opens 2nd Exhibit

Entries from Kentucky, Tennessee, and Indiana carried off top honors at the second annual regional gladiolus show presented in the College High Gymnasium on July 7.

Some 600 specimens were exhibited in the show sponsored by the Kentucky Gladiolus Society, Inc. A record crowd attended the exhibit.

Jack Blanks, Camden, Tenn., exhibited the grand-champion basket, while Dr. W. T. Henderson, Murfreesboro, Tenn., had the best seedling. Walter Kirves, Evansville, won first in the miniature division.

The show opened to the public was limited for exhibitors who were individual members of the Bowling Green Garden Club, Warren County Garden Club and to Garden Club members of the Kentucky Gladiolus Society, Inc.

Seven awards went to Warren County entries.

Dr. Glenn Dooley, member of the Western chemistry department, served as general chairman. The arrangements were by Mrs. L. R. Robinson. Publicity for the show was arranged by Mrs. William Manthie.

"View From The Bridge"

Continued from page 1

gentle with.

Sharing cast honors for this production are: Robert B. Hensley as Louis; Harold Grace as Mike; Walter Langford as Mr. Alfieri; Julius E. Rather as Eddie Carbone; Jane Lovell as Cathrine; Pat Hooper as Beatrice; Cecil Mabe as Marco; William Hensley as Tony; Joe Harris as Rodolpho.

Others in the cast include James B. Jones, Elmer Crabtree, Edwin Booher, Mary Ella Smith, Ronnie L. Jones, Paul Wilder.

Night of January 16.

Last Monday and Tuesday the audience witnessed the players' presentation of Ayn Rand's "Night of January 16th." This was the story of the intriguing trial of Karen Andre for the murder of her employer-lover, Bjorn Faulkner. Conflicting testimony given by the many witnesses who appeared and Miss Andre's frequent outbursts added to the mounting tension as the trial proceeded. The realism was startling when the jury actually picked from the audience delivered the verdict.

Joan Ditto played the part of Karen Andre. Joan is a junior drama major at Centre College in Danville and is working with Western's Summer Theatre through the summer.

Rather Enacts Flint

Julius Rather, a senior at Western enacted the role of Flint, the district attorney. Defense attorney Stevens was played by Edwin Booher. Jane Lovell was the widow of the late Bjorn Faulkner.

The cast included: Paul Wilder as Judge Reath, Ronnie Jones as Dr. Kirkland, Jean Haines as Mrs. John Hutchins, Robert Hensley as Homer Van Fleet, Elmer Crab-

Ed Booher

tree as Elmer Sweeney, Lucille Scott as Magda Svenson, Jim Jones as John Graham Whitfield, Lou Cecil Mabe as Sigvard Jungquist, Walter Langford as Larry Regan, Barbara Burch as Roberta Van Rensselaer, Joyce Mosley, Marilyn Murray as the prison matrons, and Harold Grace as bailiff.

For both productions Director Russell H. Miller chose again to use the center staging technique, which was effectively used last summer. The audience sits on the stage, achieving an intimacy that is impossible with conventional staging.

Mrs. Mary Thurman, a graduate of Western and a teacher in the Buffalo High School, is retiring this year after fifty years of teaching in the Larue County schools.

Western Is Represented At Home Ec. Meeting

Misses Jennie Johnson and Martha Ann Combs, home economics majors, attended a three-day meeting of the American Home Economics Association Convention

held in St. Louis June 25-28. This was the first time that the Iva Scott Home Economics Club at Western sponsored two delegates to the college club session of the A. H. E. A.

Football And Basketball Schedules For 1957-58 Announced

Nine Game Slate In Store For '57 Gridders

Coach Nick Denes has released a nine-game schedule for his 1957 football team.

Two new opponents are on the Hilltopper slate which shows five games in the Western Stadium and four tilts on the road.

Missouri, will be the Hilltoppers' first foe. The meeting on Sept. 21 at Capt Girardeau will mark the first time the two teams have met on the gridiron.

Wittenberg College has not appeared on the Hilltopper schedule since the opening game of the 1954 season when the Hilltoppers won 32-13. Wittenberg comes in on Nov. 16 this year for the day when the annual YMCA Cheerleaders Clinic will be held on the Western campus.

Open Sept. 29

The Hilltoppers open in the Western Stadium on Sept. 29 against East Tennessee State College, new member of the Ohio Valley Conference, in the only home night game of the season.

On October 5, Western Kentucky will take on Middle Tennessee State College's defending OVC champion

at Murfreesboro, Tennessee, in a night game. On Oct. 12 the Hilltoppers will travel to Youngstown University at Youngstown, Ohio, for a return match. Last season in the Western Stadium the Hilltoppers defeated the Penguins 26-9.

Powerful Tenn. Tech always an OVC title contender, comes to the Western Stadium on Oct. 19. Coach Denes is holding Oct. 26 as a permanent open date. The oldest rival and always a rough one for Western — Eastern Kentucky's Maroons — will be met at Richmond, Kentucky, on Nov. 2. Rough, re-building Morehead State will be the Hilltoppers' Homecoming on Nov. 9 in the Western Stadium.

After Wittenberg on Nov. 16, the traditional rival from the Purchase — Murray States' galloping Thoroughbreds will invade the Western Stadium on Nov. 23 for the final game of the season.

The Hilltoppers won five and lost four last season.

Phy. Ed. Dept. Offers Drivers' Training Course

A concentrated Driver's Education Training course was offered for the first time by the Physical Education department this summer. The classes which met for two weeks in daily three-hour periods had an approximate enrollment of forty students.

Mr. V. T. Hornback, physical education department head, stated that the course probably will be offered this fall as a two hour elective.

Coach Diddle Conducts Colby Coaching Clinic

Western's E. A. Diddle, along with two others of the nation's top ranking coaches, conducted a coaching clinic at the Colby College Coaching School in Waterville, Maine on June 19-21.

Harry Arlanson and Henry Plausse from Tufts College were the other two instructors who took part in this three-day clinic that emphasizes interest in athletics and in athletic techniques.

Rugged Schedule On Tap For Diddle And Squad

Western's 1957-58 basketball team will take on a rugged 25-from nine states and featuring participation in the All-College Tournament at Oklahoma City Oklahoma, Dec. 26-28.

Coach E. A. Diddle, beginning his 36th year as head coach of the Hilltoppers, has released the 1957-58 slate for his Ohio Valley Conference co-champions.

The schedule includes collisions with teams from Kansas (Wichita), Indiana (Evansville) Illinois (DePaul), Ohio (Xavier and Bowling Green), New Jersey (Seaton Hall) Oklahoma (Oklahoma City) and Texas (Hardin-Simmons plus the usual OVC rivals in Kentucky and Tennessee).

In All-College Meet

In addition, the Hilltoppers will

be competing in a high-calibre field in the All College meet, oldest of the holiday classics. Along with Western are entered San Francisco, Idaho State, Tulsa, Tulane, Denver, DePaul and Oklahoma City

Major trips, in addition to the holiday meet, will send the Hilltoppers to New York for a Dec. 19 duel with Seton Hall in Madison Square Garden and a swing through the midwest to battle Oklahoma City and Wichita on Jan. 31 and Feb. 1.

Eight members of last year's squad which won 17 and lost nine will be back-four of the starters are returning. Help will be expected from the freshman squad which averaged better than 100 points per game, winning 13 of 16

HILLTOPPER GOLF CHAMPS — Left to right are Donnie Wood, Ray Law, Coach Frank Griffin, Bill Goldsmith and Jimmy Gilbert, members of the 1957 golf team which roared to the OVC championship.

Herald Reviews Past Year

Continued from page 2

Chapter of the Student National Education Association at a meeting held in the Kentucky Building.

The Board of Regents approved an \$850,000 building program for Western.

Accepted to enter medical and dental schools next fall were thirteen of Western's more prominent seniors.

Mr. L. T. Smith, head of the industrial arts department, received the highest honorary award in the field of industrial arts and vocational education at the Kenlake Hotel. Mr. and Mrs. Smith were the guests of honor at the Beta Gamma Chapter of the Epsilon Pi Tau Fraternity Banquet.

Dianne Michael and Charles F. Shields were elected to guide Western Players through its 1957-58 season on the Hill.

Western's second annual Senior Day since World War II was held on campus May 3 with an estimated attendance of three thousand.

Dr. D. K. Wilgus, associate professor of English, was granted a John Simon Guggenheim Memorial Foundation Fellowship in the amount of \$4,500.

The graduation class of 1957 presented to the college a pair of stone seats located opposite the new entranceway to the Hill.

After a little more than ten years as a part of the body and spirit of Western, the Air Force ROTC unit bade farewell to Western.

Betty Gayle Jones, Western senior P. E. major, received the top award for outstanding loyalty and service to Western Players at the annual Awards Dinner held at Manhattan Towers.

Ray Law, a junior, fired a 76 and a 70 over a par 72 course at Richmond to lead the Hilltoppers to the O. V. C. golf championship ending a brilliant season for Coach Griffin's proteges.

President Thomas A. Spragens, Stephens College, Columbia, Missouri, delivered the spring commencement address and President John B. Horton, Lindsey Wilson, Columbia, Kentucky, delivered the baccalaureate sermon.

Two hundred and twelve candidates received their degrees at the spring commencement exercises on Thursday, May 30 in the Stadium.

212 Receive Degrees At Spring Exercises

Graduates totaling 212 in number received degrees at Western's commencement exercises held in the Stadium on May 30.

At the spring graduation 161 students received Bachelor of Science degrees, 44 received Bachelor of Arts degrees and seven received Master of Arts Degrees.

Of the 212 graduates, 196 were native Kentuckians from 42 counties. Eighty six per cent of the graduates received teachers' certificates and are qualified to teach in schools of Kentucky.

President Thomas A. Spragens, Stephens College, delivered the commencement address and on May 26 in Van Meter Auditorium President John B. Horton, Lindsey Wilson College, gave the baccalaureate sermon.

The graduating seniors were honored at the annual Senior Day in Van Meter Auditorium on May 29. On May 24 the Faculty Reception for the seniors was held at the Paul L. Garret Student Center.

Four Students Attend KGA Meeting In Louisville

Four Western home economics majors will attend the tenth annual convention of the Kentucky LP Gas Association Convention to be held in Louisville, July 22.

Accompanied by Miss Marie Adams and Mrs. Zella D. Tremble, members of the home economics department, the students will take part in a contest to select "Miss Future Home Economist."

The students attending are: Helen Sandidge, Mary Heltsley, Martha Ann Combs, and Mrs. Nadine Ray.

Home Ec. Major Wins Dairy Princess Title

Miss Bonnie Bleemel, home economics major from Mt. Washington, was selected as June Dairy Month Princess of Bullitt County at the Mt. Washington Club Rally, June 1.

Miss Bleemel, a freshman at Western, was selected on the basis of her beauty, personality and dairy background.

Orientation Scheduled

Continued From Page 1

Registration will be handed to each student at the first general meeting of freshmen Wednesday morning.

New Dorms Built

The two new dormitories for men, East and South Halls, are among the finest examples of improvements made on the campus. Opening at the beginning of the spring semester of 1957, the modern rooms in the new buildings are \$2.50 per week per person with two meals a day.

Potter Hall, formerly a men's dormitory, has been redecorated and arranged for women students. In addition to Potter Hall, there are McLean Hall, West Hall, and the Rock House for Women. Prices for rooms in the women's dorms range from \$2.50 per week per person in West Hall, Potter Hall and the Rock House to \$3.50 a week per person in McLean.

All freshmen and transfer students entering Western for the first time are requested to have a physical examination. Further information concerning such examinations may be secured from Dr. Frederick Eberson, College Clinic, or from Miss Louise Rodd, Registered Nurse at the College Clinic.

The Clinic located in College High is open in the morning from 8 a. m. to 11 a. m. and in the

afternoon from 1 p. m. until 4 p. m.

Not only have improvements been made to the physical facilities of the college but additions to the faculty staff have been announced for the 1957 summer session, and for the school year beginning with this fall semester.

Arrangements Made

An arrangement has been made with the Bowling Green Business University whereby any student in the College may complete a maximum of one year of type-writing and one year of shorthand without paying an additional fee. The two courses may not be completed concurrently.

The approximate basic expenses for a resident Kentuckian freshman at Western are \$300.00 per semester. Out-of-state students pay an additional \$20.00 per semester. This includes meals, room, books and fees. (A complete listing of the calendar and expenses is found on page two of this edition.)

Many Areas Offered

Western offers the best in teacher-training and in providing additional opportunities for students desiring a general education. But there is also excellent training for pre-professional people in dentistry, medicine, law, engineering, and other professional fields.

Western was founded in 1906 by Dr. H. H. Cherry, one of Kentucky's most famous educators, who also served as Western's first president for 31 years.

In 1906 Western was formally established by an act of the General Assembly and state supported College, but the school had already been founded in 1878 by A. W. McCall giving Western and its predecessors an unbroken record of outstanding service to education in Kentucky for 79 years.

Dr. Cherry served as president of the college from 1906 until his death in 1937. He was succeeded by Dr. Paul L. Garrett who served until his death in 1955.

President Kelly Thompson, Dr. Garrett's assistant, was appointed acting president by the Board of Regents on March 26, 1956. On October 17, Mr. Thompson was elected president by the Board of Regents.

Morris Harvey

Continued From Page 1

first person to hold this post at Western. In 1948 he completed his MA degree at Western.

In 1944 President Thompson entered the U. S. Navy where he served in the educational program until discharged as a lieutenant, senior grade. While he was in service he was personally commended by Secretary of Navy, James Foran, for outstanding service.

Granted a Leave

In 1957 President Thompson was granted a leave of absence from Western to organize and put into operation a public relations program for the Indianapolis, Ind. professional baseball club of the American Association. He returned to Western even though he was elected vice-president of the ball club, a position he declined.

President Thompson was elected governor of the Kentucky-Tennessee District of Elvans International after twice serving as lieutenant-governor of the District's Division 2.

Baccalaureate

Continued from page 1

nated president of Morehead State College in 1954.

Served As Representative

Dr. Doran has also distinguished himself in the other fields. He has edited a small town daily and served as a member of the Kentucky legislature for one term. A native of the Bluegrass State, Dr. Doran was born in Henderson

Dr. Adrie Doran

and completed his public school education at Cuba High School. He received the bachelor of arts degree at Murray State College. He then went on to earn the Doctor of Education degree at the University of Kentucky.

The widely known educator is currently a member of the Board of directors of the Kentucky Educational Association, a member of the Kentucky Council on Regional Education and a member of the Southern Regional Educational Board.

Western Grad Edits Winning Magazine

Kentucky Business, the official publication of the Kentucky Chamber of Commerce, was recently judged the nation's best state chamber of commerce magazine for 1956.

The magazine, a monthly publication of more than 2,000 is edited by Mrs. Jewell J. Dixon, the former Jewell Johnson of Macon, who received a Life Certificate from Western in 1931.

The American Association of Commerce Publications named Kentucky Business first in all-around excellence in the state group.

P. E. Majors Serve As Lifeguards

Five of Western's physical education majors have served as lifeguards at the campus pool during the summer month of September in the early afternoon.

The five students who served as guards are: Charles Doran, John Drumm, Ralph Greenwald, Bob

Griffin, and Edward Thurman. Coach Nordback stated that they had done an outstanding job.

Mr. Nordback said that there is a need for students of physical education and if other P. E. majors wish to teach swimming they may contact his office for further information.

Seven Are Added To Summer Staff

Seven new faculty members were added to the staff at Western for the summer session.

One new member joined the teaching staff at the College Training School for the summer and two new members have been added to the administrative staff.

Dr. T. O. Hall, widely known educator and former director of guidance with the Veterans' Administration, joined the faculty on a permanent basis. Dr. Hall will teach in the English department and devote half-time to guidance and counseling. He has taught in the education department this summer.

William Doran, member of the faculty at Martin Junior College, Martin, Tenn., replaced William Lawton in the economics and sociology department for the summer. Lawson is on leave of absence from the college to do research.

Four New Members

In the education department for the summer term are four new members in addition to the regular staff. They are Miss Laura Shuder, member of the Bell State College faculty; Miss Margie Settle, supervisor in the Davison County school; Miss Jerline Dossell, member of the Federal School system; and Mrs. Claude Hightower, supervisor of Todd County schools.

Miss Laura Miller, Bardonia school system, has joined the library science department for the summer term.

Mrs. Wilson Wood is teaching the sixth grade in the Training School.

Mrs. Janet Halls Whit has been employed in the business office and Miss Doris Ann Galt is employed in the registrar's office.
